“Internal Audit gives a positive impact and via its independent status adds value to organizations as one of the pillars of effective governance. Internal Auditing Professionals (IAPs) give a holistic view as Trusted Advisors and provide assurance and advice to Management and Board of Directors. They foster trust, transparency and accountability.”

Objective & Role

To establish an Institute in Pakistan for advancement and raising standards of professional education and training in the fields of Internal Auditing, Risk Management, Governance, and its allied areas.

Vision

Our vision at The Institute of Auditing (TIA) a recognized leading professional body in the field of internal auditing, promoting excellence, integrity, and accountability. We aim to provide our members with world-class education, training, and certification programs to enhance their skills and knowledge and contribute to the development and success of organizations globally.

Mission

At TIA, our mission is to enhance the effectiveness and efficiency of organizations through independent and objective assurance and consulting services. We bring a systematic and disciplined approach to evaluate risk management, control, and governance processes and provide expert guidance to improve operations. Our goal is to add value to organizations by promoting excellence in internal auditing and fostering a culture of integrity, accountability, and continuous improvement.
